Heat-shrink tubing

Accessory for anchor points

Technical specifications	
Length	100 mm
Shrinkage rate	3:1
Isolation	Enables water-resistant insulation
Medium-wall	With adhesive layer
Operating temperature	-55 °C to +110 °C
Minimum temperature for complete shrinkage	+120 °C
Longitudinal shrinkage	max. 0 to 10%
Material quality class	Cross-linked polyolefin with an adhesive coating
Halogen-free	yes
Flame-retardant	no
Certification	RoHS

Version	Article no.	Size
Heat-shrink tubing/16-5	330110	16 - 5 mm
Heat-shrink tubing/28-8	330111	28 - 8 mm
Heat-shrink tubing/33-8	330112	33 - 8 mm
Heat-shrink tubing/55-16	330113	55 - 16 mm
Heat-shrink tubing/65-19	330114	65 - 19 mm
Heat-shrink tubing/95-25	330115	95 - 25 mm
Heat-shrink tubing/140-42	330116	140 - 42 mm
